Emerging Wisely Current State: Relaxing Phase 2 – Next Steps

As we head into this beautiful late summer weekend a few reminders of how we can all have a good time and still practice good social distancing.

Jackfish Lake Park

- Please try and keep within your fave five/family groups when up at Jackfish Lake Park. The dock area can get crowded so please practice social distancing amongst adults as much as possible.
- Please pack your trash up from the lake and dispose of it in one of the blue garbage bins.
- There are garbage bins located throughout the park. Please use them to dispose of trash.
- This is important for both COVID-19 safety and so we don't attract bears by the food and beverage containers left around.

Bandy Lake Park

- Please try and keep within your fave five/family groups when out at Bandy Lake Park.
- Wipe down BBQ's and picnic tables after using them and dispose of all trash in the garbage bins.

Road Safety

Please use extra caution when out on the roads this weekend. There is a lot of road work underway in town and the roads outside of town are quite dusty. Follow the posted speed limits and reduce speeds in areas where workers and pedestrians/cyclists are present.

A reminder that ATV's must follow the rules of the road. Helmets are required in town and vehicles should only carry the number of people they are designed for.
