

## Community Update – July 24, 2020

### Emerging Wisely Current State: Relaxing Phase 2 – Next Steps

#### Norman Wells Hometown Heroes

Today we would like to recognize the work of the Cristina Lagare, the Town of Norman Wells' Youth & Elder Coordinator. Cristina has been busy throughout the Covid-19 pandemic developing programming to keep our community connected while still being safe. While her focus is primarily youth, she has created activities for all members of the community. Thank you, Cristina, for your hard work and endless energy. We appreciate everything you do for our community.

Do you have a hometown hero you would like to recognize? We know there are a lot of people quietly doing great things in our community. Send your nominations to [governance@normanwells.com](mailto:governance@normanwells.com).

#### COVID Kindness

COVID Kindness is a Canadian website that was created to sharing acts of #covidkindness and uplifting stories from the front lines of Canadian health care.

#### Super Essential Workers

These free downloadable colouring sheets were designed to raise awareness of our friends, family, and neighbours who are braving the front lines to bring us essential services. They are modern day superheroes, but they aren't invincible. Let's help keep them safe by staying at home and colouring them!
