

Community Update – May 4

COVID-19

There isn't a lot to update the community on related to COVID-19 so we think that is good news! To date, 1807 tests have been performed in the NWT and we are still sitting with only 5 cases, all which have recovered. Tomorrow it will be one month since the last case was diagnosed. These numbers show that containment strategy implemented by the Chief Public Health Officer has been working. We are looking forward to hearing if some of the social distancing regulations for NWT residents will be relaxed soon but until then it is the duty of each and everyone one of us to follow the regulations.

Spring has Sprung

It looks like it is going to begin warming up over the next few days. It's a great time to get outside and get active. We ask pedestrians and cyclists to follow the rules of the road. It's also a good time to remind kids about the rules for riding their bikes on/near the road. Drivers please slow down and watch for kids and walkers.

Town of Norman Wells Free Pantry

Last Friday we told you about the new Community Pantry located at the Town Office. It will be open 24 hours a day from Monday mornings through to end of business on Friday's. It has been stocked with a few items but the Town would welcome contributions from the community. Give what you can and take what you need.

For further information visit www.normanwells.com or call the Town Office at 587-3700 during our business hours of 8:30AM – 5:00PM. You may also email us at towninformation@normanwells.com
