## Community Update – September 3, 2021

### Emerging Wisely Current State: Step by Step Together

#### Letter from Mayor and Council

Good day Norman Wells,

Council and I would like to thank the community for their persistence as we navigate the current Covid-19 outbreak that Norman Wells is currently facing. We would like to offer our a personal thank you to all the essential workers that have demonstrated courage, selflessness, and genuine caring for those that need it the most during this time. We know you have been missing your families and loved ones, as you are caring for everyone else. You are being stretched thin and you have shown your perseverance and strength in order to keep the community safe and prevent the spread of the virus. Thank you!

The day will come when we will be on the other side of this pandemic, but until that day, we must continue:

- Wearing a mask in public
- Washing hands frequently
- Keeping physical distance
- Staying home when sick
- Monitoring for symptoms and getting tested when required

The above actions are within our power and have proven to be effective in preventing the spread of Covid-19. Choosing to follow the guidelines set forth by the Chief Public Health Officer will help your families, elders, children, friends, and the community stay healthy. We thank you for your persistence and ask that you continue these efforts, especially during the upcoming long weekend.

Sincerely,

A handwritten signature in blue ink, appearing to read "Frank Pope", is written over a large, light blue diagonal line that spans across the signature area.

Frank Pope, Mayor

Norman Wells
